

## DELAY IN FUNERAL OF J. K. McCAMMON

Arrangements for Burial of  
Washington Writer  
Not Made.

No arrangements have been made for the funeral of Joseph K. McCammon, the well-known Washington lawyer and writer, who died suddenly last night in his apartment in the Don Carlos. Mr. McCammon had not been ill previous to the attack which resulted in his death, about 8 o'clock, and which was said to be due to heart failure. He was sixty-one years old, and is survived by his son, Ormsby McCammon, and two daughters, Miss Abbie McCammon and Miss Edith McCammon. Mrs. McCammon, who was Miss Catherine Ormsby McKnight, of Pittsburg, died about seven years ago.

### Princeton Graduate.

Mr. McCammon was a graduate of Princeton in 1865, was president of his class and of the National Alumni Association. He was president of the Princeton Alumni Association of Washington. After practicing law in Philadelphia, his home city, Mr. McCammon came to Washington in 1871, when he was made president of the board appointed to investigate the Indian service. Subsequently he was made Assistant United States Attorney General and was also made United States Commissioner of Railroads by President Garfield.

Until a short time before his death Mr. McCammon was president of the Cosmos Club, and was very prominent in club life in Washington. He was a member of the Metropolitan Club, Chevy Chase Club, Art Club of Philadelphia, and Washington University Club of New York. He was also a member of the National Geographic Society.

### Some of His Writings.

Mr. McCammon had enjoyed much distinction in the world of law literature, having contributed many interesting writings. Among them are "Report on Indian Service, 1878," "Report of Councils with Hancock and Shoshone Indians, 1881," "Report of Flatheads and Affiliated Indians, 1882," "Arguments in Cases Affecting Pacific and Other Railroads," and many others.

## MASONS PLANNING TWO BIG EVENTS

The Masonic Fair, which promises to be the biggest event of its kind ever held here, will begin April 15, and continue until May 1. The board of control expects the fair to yield something like \$100,000. This money is to be used in pushing the work on the new building, the site of which is bounded by the triangle on New York avenue, Thirteenth, and H streets northwest, and which cost \$115,000. The site has been paid for.

Work on the new Masonic Temple will begin in a few days, and it is believed that by April 15 the work will have been advanced far enough to permit of the laying of the cornerstone. The new temple, exclusive of the site, will cost \$200,000.

## RICH WOMEN BEG, DRESSED IN RAGS

Society Leaders Solicit Alms  
on Streets for a  
Home.

LINCOLN, Neb., Jan. 3.—One hundred of the most prominent and wealthy society women of Lincoln, representing the leading Protestant churches and charity organizations, are standing on the street corners of this city, dressed in old clothes and holding tin cups in their hands, begging alms from passers-by. Every person who responds to the appeal for money is given a little badge. The money collected by this unique method is to be contributed to the Wayfarers' Home, which is in sore need of funds to carry on its work.

## GIVE HOUDINI EXHIBIT AT POLICEMEN'S BENEFIT

A feature of the entertainment given by the Policemen's Association Saturday night at Knights of Pythias Hall, will be the escape of Messrs. Connell and Allen from a box securely nailed and otherwise fastened. The performers will permit themselves to be enclosed in the box and it will then be securely nailed in view of the audience.

## HAS BIG MONEY PILE, BECOMES MECHANIC

NEW YORK, Jan. 3.—Becoming tired of "sitting around," George H. Cooper, a wealthy retired farmer, sixty-five years old, of Lockport, N. Y., has begun to learn the trade of machinist. He says he does not need the money, but he cannot endure being idle.

## CARDOZO RECEIVES HIS BACK SALARY

Given Money Due Him  
During Term of  
Suspension.

Francis L. Cardozo, supervising principal of the thirteenth division of the colored public schools, who some time ago was dismissed "for the good of the service," received his salary for the time of his suspension and resumed his duties as a teacher and officer in the public schools yesterday.

There is still, however, a difference of opinion between Comptroller Tracewell and Justice Anderson as to Mr. Cardozo's position in the public schools. The former holds that Mr. Cardozo is an officer, while Justice Anderson decided he was both an officer and a teacher.

The following teachers appointed to fill vacancies caused by dismissals also received the salaries for the month of December yesterday:  
W. S. Small, principal of the Eastern High School; W. T. S. Jackson, principal of the M Street High School; H. P. Shadd, teacher of the M Street High School; C. M. Atwood, teacher of the M Street High School; W. W. Black, supervising principal of the seventh district; and R. C. Bruce, supervising principal of the tenth district.

## MISSIONARY UNION PLANS PRAYER WEEK

A week of prayer under the auspices of the Woman's Interdenominational Missionary Union will be held in the parlors of the First Congregational Church beginning next Monday, January 7, at 10 a. m., and continuing through the week.

The following speakers and subjects have been announced:  
Monday, "The Church of the Living God," Mrs. S. D. La Petra, and Mrs. George Speddy; Tuesday, "The Gospel of God's Son," Jennie E. Levering and Mrs. R. R. Riedel; Wednesday, "The Christian Ministry," Mrs. Kate Waller Barrett and Miss Agnes Inch; Thursday, "Missions," Mrs. H. P. Viles and Mrs. Charles H. Butler; Friday, "The Coming of the Kingdom," and "Debtors to the Jews," Mrs. J. G. Beattie and Miss Emma Lanterman; Saturday, "Christian Institutions," and "Temperance," Miss Grace Jeffries and Mrs. C. W. Gallagher. Officers of the union are: President, Mrs. John N. Culberson; secretary, Mrs. S. D. La Petra; treasurer, Mrs. Washington Topham, and secretary of literature, Miss Cornelia Corbett.

Southern Railway Company. Notice to the public. Very many important changes in schedules of passenger trains will be made effective Jan. 6, 1907, details of which will be furnished later by publication in folders, etc.

## BANK NOTES GAIN OF \$55,248,122

Total Circulation for Year  
Just Closed Was  
\$596,162,469.

Comptroller of the Currency Ridgely, in the monthly circulation statement just issued, shows that at the close of the calendar year 1906, the total circulation of national bank notes was \$596,162,469, a gain for the year of \$55,248,122, and a gain for the month of December of \$2,781,920.

The monthly statement of the public debt shows that at the close of business December 31 the debt, less cash in Treasury, amounted to \$940,671,777, a decrease for the month of \$9,258,652, largely accounted for by a corresponding increase in the amount of cash on hand.

The following statement shows that for December the coins executed at the mints amounted to \$2,871,365. This is exclusive of 4,052,999 fifty centavo silver pieces coined for the Mexican government.

## BETTER FIRE SERVICE FOR INSANE ASYLUM

A new roadway recently opened along the east side of the grounds of the Government Asylum for the Insane, eight 15-inch water mains and 6-inch lateral pipes leading up to the grounds, and four hydrants capable of maintaining from 100 to 200 pounds of water pressure within the inclosure, are all important improvements lately obtained which will enable the District fire department to give that institution better fire service in the future.

## TOURISTS TO OLD POINT FIND EVERY CONVENIENCE

Historic surroundings, splendid hotels and many natural attractions make Old Point Comfort a popular place with tourists at all seasons of the year. The presence of naval and military officers at nearby Fortress Monroe gives the social life of the resort special charm. Trips to Old Point Comfort are usually made from the Capital via the handsome steamers of the Norfolk and Washington line, sailing every day in the year at 6:20 p. m. They lack nothing that can in any measure contribute to the pleasure and comfort of journeying on shipboard. The fine cafes are especially noteworthy features. Daily connections are made at Norfolk with boats for New York and Boston, and also with railways for all points south.

## 16,800 yards--the mill's entire stock of 50c Japanese silk fancies ..... at 33c yd.

Every piece perfect in weave and color—choice of four different patterns, each in all shades—and not a yard to be had elsewhere in the United States under 50c a yard.

You know this material—so does nearly every woman from Maine to California. It is one of the most extensively advertised washable silk materials made. It is furthermore one of the most popular. No dealer dare sell it under the regular price—50c a yard.

This material is made of the best Japanese silk (75%) and selected flax fiber (25%). Recently the advances in the raw silk market have made it unprofitable to longer manufacture this material. The mill will hereafter devote its energies to plain and printed materials. We have handled several big lots for them, when it was decided to close out all on hand, we got first chances at it.

While we are under strict agreement not to divulge the name under which we and others have been selling the same material at 50c a yard, we are sure that you can guess at it.

Choice of 4 different self-figure patterns to choose from. And each in any of the following shades:

White (plenty) Cream (plenty) Ivory (plenty)

Mode Nile Tan Gun Metal Light Blue Gray Pink

It is the very thing for making dainty evening dresses and pretty wash waists. A feature every woman will highly appreciate is that of laundering.

Every piece warranted to wash perfectly

Special attention is called to the variety of desirable shades and the beautiful effects of these in conjunction with the dainty figures. They are hardly noticeable a few feet distant, and when examined at close range relieve the monotony of absolutely plain material. The luster you see in the goods in the piece is perfect—75 per cent is pure Japanese silk—not mercerized threads. This luster will not disappear with washing.

Besides making the most charming of dresses for present evening wear, these Japanese Silk Fancies will be nice for Spring dresses and waists.

Think a minute. The sale price, in the face of high prices on nearly everything, means a saving of ONE-THIRD—1st floor bargain tables and at wash goods department.

## THE HEATING VALUE OF COAL

OLD-FASHIONED heating methods have largely given way to heating by hot water and steam, and the heating value and size of coal have changed accordingly.

We carry COAL of different grades of hardness, adapted to all methods of heating. We are always glad to advise in regard to the right COAL for any specific use.

If your house is not heated in a satisfactory manner it may be on account of the poor heating value of the coal you are now using. All our COALS are of the highest standard.
